# FL-5000 Series™

## FLEX-REST®

### with Palette Mouse Tray™

Flex Rest has updated the long appreciated FL-5000 with Flex Rest's new Palette Mouse Tray. The Palette Mouse Tray is designed to offer a very comfortable mousing surface and it easily mounts to the left or to the right of the FL-5000.

#### Mouse Palette Features:

- Mouse Palette pivots to desired comfort position
- Stores under desk with FL-5000
- 4 inches of height adjustment

#### FL-5000 Features:

- Places wrist in neutral position every time
- Very effective in helping with CTS and RSI
- Height adjusts up to 5 inches
- Soft adjustable leatherette palm rest
- Tray rotates negative 35° to positive 20°
- 2 knobs adjust tilt and height
- Eliminates knee interference
- Large pencil tray
- All metal construction; five year warranty

### Clamping Mouse Tray™

Flex Rest Inc.'s new clamping mouse tray, shaped like an artist's palette, allows for easy movement of the mouse and supports other input devices. With the simple ease of clamping to any work surface, (clamps 5/8" to 1 1/2" surfaces), the Mouse Palette™ quickly brings comfort and versatility to your mousing tasks.

#### What's Important

- Clamps to any solid surface
- Smooth surface for effortless mousing and added accuracy
- Mounts for high or low desk situations
- No screws or bolts needed
- Will not mark work surface
- Pivots to your comfort position
- Stores under work surface when installed in lower position
- All metal construction (14 gauge) 5 year warranty
- Large mousing surface (Approx. 9" dia. of usable area)
- Comes with Allen wrench
- Portable, put it in your brief case
